To whom it may concern

Dear Sir or Madam,

I am writing to confirm that the Polish Chamber of Marine Industry and Water Sports – POLBOAT is a full member of European Boating Industry, a Brussels-based trade association which represents the interests of the European leisure marine industry. Since June 2011, POLBOAT also has an elected representative sitting at the Council, which is the association's governing body.

At the occasion of European Maritime Day held in Gdansk on 19-20 May 2011, POLBOAT successfully organized a breakfast briefing to showcase the boating industry in Poland and highlight the many opportunities for growth and development in this sector. The event was well organized by POLBOAT and this was demonstrated by the good turnout at the event and high quality of the guests it attracted, including staff from the European Commission, as well as members of trade press and other relevant stakeholders.

Overall, European Boating Industry was extremely happy with the services provided by POLBOAT at this event and we look forward to continue working with them again in the near future.

Yours faithfully,

Mirna Cieniewicz
Secretary General

European Boating Industry
